Specifications and Instructions

Microphone Stands

Models 415, 416, 418, 419
420 and 423A

Model 415 Reclining Desk Stand

Engineered especially for E-V Models 615, 715 and 915 microphones (see Fig. 1); this stand holds the microphone at a 15° tilt. Finished in satin chrome.

SPECIFICATIONS

Dimensions: Length: 2-5/8 in., Width: 2-3/4 in., Height: 1 in.

Material: Diecast zinc

Net Weight: 4 oz.

Finish: Satin Chrome

Model 416 Stand

This small black moulded rubber stand, (see Fig. 2) may be used with either the Model 646 or Model 647 microphones. This stand may be used where permanent installation is needed or desired.

SPECIFICATIONS

Dimensions: Diameter: 3-1/8 in., Height: 1 in.

Net Weight: 2 oz.

Material: Rubber

Finish: Black

Model 418 and 419 Microphone Stands

These desk stands are styled to give a modern, pleasing appearance while supplying an appropriate base to hold the microphone to prevent tilting and toppling over. (See fig. 3)

The Model 418 Microphone Desk Stand is to be used with microphones having small-type studs such as Models 611, 623, 630, 636, 911 and 950.

The Model 419 Microphone Desk Stand is to be used with Microphones having large-type studs such as Models 650, 654, 726, 731, 664 and 665.

Model 418S* or 419S* are available for use where an OFF-ON switch or relay control is desired.

*With switch

SPECIFICATIONS

Dimensions: Height: 2-1/16 in., Width: 4-7/16 in., Length: 5-1/2 in.

Material: Cast Iron

Weight: 2 lb. 2oz.

Finish: Gray

MOUNTING INSTRUCTIONS

For Models 418 and 419. (See Fig. 4)

1. Push plug through the large hole in the stand.
2. Assemble plug into plug-insert in the microphone stand.
3. Place microphone mounting screw into the base of the stand and screw securely into microphone.
4. Loosen cord-strain-relief-clamp, insert cord and pull slack from the cord. Then fasten cord securely with cord-strain-relief-clamp.

Model 420 Desk Stand

A heavy cast iron stand (see Fig. 5) attractively finished in non-reflecting gray, the Model 420 is specifically designed for use with E-V Model 666, 655C, 646 or microphones with a 1 in. diameter. The clamp attachment for mounting 1 in. cylindrical microphones can be accomplished without tools by a finger-operated clamp. The heavy cast iron base holds the microphone in position when subjected to ordinary strain.

SPECIFICATIONS

Dimension: Length: 5-9/16 in., Width: 4-1/2 in., Height: 5 in.

Net Weight: 2 lb. 5 oz.

Finish: Base: Gray
Clamp: Satin Chrome

Material: Cast Iron

Model 423A Desk Stand

The Model 423A desk stand has a sturdy, smartly styled, round die-cast base which rests firmly on rubber base buttons. (see Fig. 7) The stand, finished in rich satin chrome, is made for small microphones with 5/8 in.-27 thread connection with a choice of 3 in. or 5 in. matching stem risers.

SPECIFICATIONS

Base Dimensions: Height: 1 in. Diameter: 5-1/8 in.

Stem Riser: Choice of 3 in. or 5 in.

Material Base: Diecast zinc
Riser: Steel Tubing

Weight: 1 lb.

Finish: Satin chrome

Stand threads: 5/8 in. - 27 thread

Warranty

The Electro-Voice Model 415, 416, 418, 419, 420 and 423A are guaranteed against defects in workmanship and material.
