

“The installation is neat and efficient and the quality maintains the standard of ambience we were aiming for.”

– Richard Young, General Manager at Great Fosters

## SOUND SYSTEM SOLUTIONS

# RETAIL

### Business that bounces back

#### An investment that lasts

The assurance of superior performance and reliability from two of the most trusted names in pro audio. We offer proven product solutions with the added value of the industry's best customer support.

#### Ambience is everything

Creating the right atmosphere is essential to your business's success, and quality sound is a key element of an enjoyable experience. Our systems can help set the mood across every part of your property, all while blending into the background.

#### Ease of use

Simple zone and level controls for installed audio systems help staff focus on ensuring your customers have a great time.

#### Controlled coverage

Achieve sonic clarity and seamless control in more challenging acoustical environments – such as under high ceilings – with installed loudspeaker systems designed with hospitality in mind.

#### Flexible options

Our extensive speaker portfolio includes ceiling, pendant, portable and surface-mount models, giving you background and foreground music options to suit every space and every budget – always with best-in-class sound quality and reliability.

SYSTEM EXAMPLE FOR SMALL STORES & BOUTIQUES

## System overview

EVID ceiling and pendant loudspeakers provide full-range coverage for the retail floor, bathrooms, and even outdoor areas. EVID subwoofers can be added to provide a warmer or fuller-sounding audio solution.

## System benefits

The EVID loudspeaker family is designed to be mixed and matched together depending on the installation environment, with low-profile designs that blend in to their surroundings.

Protection against excessive power and overheating through tour-grade circuitry in C series amps.

System and group control and supervision through easy-to-use system software.

## DYNACORD | AMPLIFIERS

1x C1800FDi (ceiling & pendants)

1x C1300FDi (subs)

## ELECTRO-VOICE | LOUDSPEAKERS

3x EVID C6.2 (ceiling)

3x EVID-P6.2 (pendants - for open ceilings)

1x EVID C10.1 (sub)

1x EVID-S10.1D (sub)

## If you need it, we've got it

The EVID (EV Innovative Design) family is the industry's most complete family of commercial loudspeaker solutions, with acoustically and aesthetically matched surface-mount, ceiling-mount, pendant-mount and flush-mount models for spaces of every size and shape, indoors or outdoors.

Models from each series may be mixed and matched for consistent performance across any installation, providing system designers with complementary building blocks to address the needs of a wide range of venues and acoustical challenges.
